Placement Test

How do I know which course I should take?

There are several ways to find out which courses you should take:

Option 1: Take the placement test (recommended for students with app. 1-4 years of German at the high school level or less than one year at a college level)

Option 2: Contact the Director of the Language Program at brandl@u.washington.edu (recommended for students with more than 4 years of German at the high school level or more than one year at a college level)

Placement tests

A placement test is strongly recommended for students who have taken German in high school and wish to continue study of German in college. This test is administered by the Educational Assessment Center in Schmitz Hall.

When students want to register for courses, the following table may serve as a guideline for preliminary placement until final placement is determined by the placement test score. However, if a student decides not to take the placement test, s/he must adhere to this guideline for self-placement.
